

There To Care AWARDS

Celebrating excellence, respect, compassion, and community.

Angela

Care Worker
Golden Grove Residential Care Home

2025 Fourth Quarter Award Recipient

As a passionate Care Worker who consistently upholds dignity and respect for residents, Angela has been recognised in the recent round of *There to Care Awards*.

While Angela loves her daily duties as a Care Worker in the Memory Support Unit, it's the beautiful connections she has nurtured over the past 16 years at Helping Hand that truly warm her heart.

"I did my first placement here. I enjoyed working with older people and getting to know more about the lives they have lived. By learning about their history you get a better idea of who they are as a person," she says.

"I get very attached to the residents because they remind me of the emotional connection I have with my grandparents. One resident very early on here was like a surrogate grandmother to me, we have a very special bond," she says.

Since beginning night shifts in 2017, Angela remains motivated and grateful for the strong team she collaborates with daily.

"We are very united and supportive of each other. We want to be there to support and help each other" she says.

When Angela saw her name on the list of nominations for the Quarter 4 awards, she says it was unexpected.

"I was really surprised and quite pleased and grateful to receive it," she says.

Thanks, Angela, for being there to care.

There To Care Awards focus on celebrating our values of excellence, respect, compassion and community, helping us to celebrate the amazing work our people do every day.
