

There To Care AWARDS

Celebrating excellence, respect, compassion, and community.

Aries

Registered Nurse
Golden Grove Residential Care Home

2025 Fourth Quarter Award Recipient

Registered Nurse Aries has been recognised in our *There to Care Awards* for consistently going above and beyond in her role, as she embraces any task with a smile and a positive attitude.

While her career in nursing has been extensive and varied over 30 years, including working in obstetrics in Auckland Hospital in New Zealand, it was a passion for aged care that was ignited while working in the dementia care unit. A move that was further cemented when starting at Helping Hand in 2022.

"I love my work in aged care. I get to travel with the residents; first when they come into aged care and together, we build a connection. This is their final journey; you get to know them and be with them. It's quite a privilege," she says.

Aries says she treasures the connections and bonds she creates with the residents while getting to know them.

"Growing that connection and making ourselves available and being accepting of them, that is our priority. Our job is to understand where they are in their life right now."

Aries says she was surprised of her award win, but it brought a smile to her face.

"I was quite shocked and surprised, thinking 'why is my name there'. But it was a bonus, the icing on the cake."

Thanks, Aries, for being there to care.

There To Care Awards focus on celebrating our values of excellence, respect, compassion and community, helping us to celebrate the amazing work our people do every day.
