Integrated Risk Management

**Policy Statement**

The Board and the Executive of Helping Hand Aged Care will demonstrate leadership and accountability in integrated risk management by:

- Systematically identifying and managing the risks faced by the organisation in the course of providing care and services and in undertaking related business activities.
- Ensuring that risk management is embedded into the organisational culture.
- Ensuring that staff roles and responsibilities for risk management are clearly defined and communicated throughout the organisation.
- Ensuring that risk management is embedded into all activities and systems and processes.
- Ensuring that business threats and disruption to services are minimised.
- Ensuring that relevant legislation, regulatory requirements, professional standards and best practice guidelines will inform all organisational activities.
- Maintaining the confidence of our stakeholders in both the organisation and our management practices.

**Reason**

Supports HHAC Mission, Objectives & Principles of Care, and the Three-Year Strategic Plan, as well as common law duties of care and due diligence. Assists with the preservation and protection of the organisation’s assets and maintains and improves the quality of care and safeguards high standards of care and service.

**Responsible people**

The Board of Management and the Executive are responsible for integrated risk management. All employees play a role in the management of risk within the organisation.
