Contact us for details.

Our mental health is just as important as our physical health. We offer a range of group programs for older people to support and nurture confidence, wellbeing and social connections.

The Blues Busters group provides a welcoming safe space to enjoy the company of others, and talk about a range of topics designed to assist you in reducing social isolation and improving your general mental health.

If you are over 65 years of age (or over 50 and identify as Aboriginal or Torres Strait Islander) and would like to improve your mental health and wellness, give our skilled and friendly staff a call to find out more.
