

Your life, your way

Elevate by Helping Hand offers you more freedom than ever to live life your way

We tailor services to meet your passions and interests, delivered on a fee for service basis.

From lifestyle, to health and wellbeing, and anything in between, Elevate offers more flexibility and more variety than ever before.

Home care and community clients can use Elevate to top up, or add on any extra services where Commonwealth packages are not fully meeting individual needs. Clients can also use Elevate for a broad range of services that suit their needs, without having to have a Commonwealth aged care assessment.

Contact us to discuss your needs on 1300 653 600
or elevate@helpinghand.org.au
