*Celebrating excellence, respect,  
compassion, and community.*

## *Jyoti*

Care Worker  
Golden Grove Residential Care Home

*2026 First Quarter Award Recipient*

Consistently going above and beyond in the care she provides to residents has earned compassionate Care Worker Jyoti a *There to Care* Award.

Caring for others isn't just a job for Jyoti, it's at the heart of who she is. Ensuring residents are happy and comfortable has become her lifelong mission.

Providing such personalised care gives families peace of mind knowing that their loved ones are in safe hands.

"When a new resident comes into Helping Hand, I try to understand the most I can about them. I just want to make sure they feel comfortable because they are coming to a new place and losing their independence," she says.

"I get to know them, their life and their experiences. That makes a good foundation to build a friendship between me and the resident so I can give them personalised care. We are their little family."

Jyoti did not expect to be honoured so soon again, after receiving an award last year.

"I didn't believe it myself. I haven't done anything special this time, I just do my job, but at the same time I do feel very proud," she says.

"I don't feel the need to be recognised. I love my job and I wouldn't change any of it"

Thanks, Jyoti, for being there to care.
