

There To Care AWARDS

*Celebrating excellence, respect,
compassion, and community.*

Leema

Registered Nurse
Lightsview Residential Care Home

2026 First Quarter Award Recipient

Helping Hand recognises Leema in the *There to Care Awards* for her outstanding commitment, professionalism, and dedication to her role as a Registered Nurse.

Caring is embedded in Leema, having previously worked as a nurse in India before moving to Australia in 2011.

Since joining Helping Hand in 2016, she has demonstrated impressive versatility, most recently stepping into a four-month contract as a Business Systems Analyst to support staff and oversee the implementation of new systems, all while continuing to pick up shifts to care for residents.

“When you work regular shifts, you come to know the residents, and it’s about building trust...we are like family,” she says.

Her attention to detail and proactive approach plays a vital role in maintaining smooth operations on the floor and supporting positive outcomes for residents at Lightsview. Her calm presence, compassionate manner, and clinical expertise inspire confidence in residents, families, and colleagues alike.

Leema was surprised and excited when she received the news about the award.

“I don’t do my job for the recognition, I do it because I love it. Helping Hand is part of my life, I feel supported, they are flexible with me and my hours. I feel complete when I know I’ve done my job properly. I love that feeling,” she says.

Thanks, Leema, for being there to care.

There To Care Awards focus on celebrating our values of excellence, respect, compassion and community, helping us to celebrate the amazing work our people do every day.
