

Residents and Families Update

Issue 50 | Update – 17 July 2026

Dear residents, families and representatives,

This week marked an exciting milestone with the completion of all internal works on Level Three. We have been busy furnishing these spaces and look forward to welcoming residents into their new suites towards the end of next week. The new dining room and visitor lounge will both be open and available to residents from Thursday 23 July. Thank you the residents from Level Three who have been dining on Level Two for your patience and understanding while the new dining room was under construction.

We are now focusing on the completion of the alfresco which we anticipate will be finished by early August – just in time to enjoy the beautiful spring weather!

We apologise again for the delay in reopening the lift next to Reception. This delay was due to bad weather impacting the works on the alfresco and we are hoping to reopen this lift by the end of July.

Next Tuesday 21 July a photographer will be at Rotary House taking photos of Level Two and Level Three. Some residents who have agreed to participate will be involved in the photography, if you do not wish to be captured in any images please let a staff member know.

What happened this fortnight?

- All internal works on Level Three were completed
- The new spaces were furnished and decorated
- Alfresco works are continuing
