

ROTARY HOUSE REFURBISHMENT

Residents and Families Update

Issue 54 | Update – 11 September 2026

Dear residents, families and representatives,

It was wonderful to see so many of you at the celebration of the official opening of Levels Two and Three of Rotary House last week. It was a lovely celebration and a number of residents, family members and visitors took the opportunity to tour the new spaces with very positive feedback.

If you didn't make it to the event and would like to tour the new spaces please let a member of the lifestyles team know and they would be happy to arrange a time to show you around. And please remember – these spaces are for everyone, so please enjoy!

At the event we spoke briefly about the next stages of the refurbishment. In early 2027 we will commence works on Level One and Ground Floor of Rotary House, bringing these spaces in line with the newly refurbished levels above. The below images are very early design concepts which may change as plans develop, but they give you a sense of what we're working towards.

ROTARY HOUSE REFURBISHMENT

Residents and Families Update

We're really excited about these next stages and look forward to bringing these plans to life and continuing the refurbishment across Rotary House.

As there are currently no works taking place, our regular updates will pause for the time being. We'll continue to keep you informed as plans progress and will be in touch with more information about the upcoming stages when there is more to share. We will also have conversations with any residents impacted by the upcoming stages well in advance.

Our regular updates will recommence in the lead-up to works starting again which we anticipate to be early in 2027.

Thank you again for your patience and understanding throughout the refurbishment of Levels Two and Three, and if you have any questions at any time please email RHrefurbishment@helpinghand.org.au, or speak to reception.
